Layer/Pallet	6
Cases/Layer	11

Product Description

Ultra-thin laptops and 2-in-1 convertibles like the Microsoft Surface Pro offer great mobile productivity and sleek good looks. But that also means they usually come up short on connectivity ports. As a result, you're constantly plugging and unplugging peripherals. That's where the SD3500v USB 3.0 Universal Docking Station comes in. It turns one USB port into six so you have access to all your peripherals, including keyboard, mouse, printer and external hard drive. And with dual HD video output, you can add two external monitors to boost productivity. The dock's two USB 3.0 ports support super-speed data transfer of up to 5 Gbps.

Features

- Dual HD video output via HDMI, VGA or DVI connections
- Corporate Install feature allows administrators to install the graphics driver over a Microsoft® server
- Optimized for Windows laptops and 2-in-1 convertibles to turn one USB port into 6
- Universal USB connection for hassle-free setup
- Super-speed data transfer of up to 5 Gbps
- Gigabit Ethernet connection for wired network and Internet access
- Audio 2.0 for enhanced sound
- Tower design for smaller desktop footprint
- DVI-to-VGA and DVI-to-HDMI adapters included for greater monitor compatibility
- Built-in Kensington Security Slot

Specifications

- **Compatibility** Windows 8.1, Mac OS 10.6, Mac OS 10.7, Mac OS 10.8, Vista
- **Connections** DVI-I to VGA Adapter, DVI-I to HDMI Adapter, 1 x RJ-45 Ethernet (LAN) Female, Host upstream link: USB (B Type) Female , HUB downstream link: USB (A Type) Female
- **Features** Kensington Security Slot, Mirrored Display, Extended Display, Power Indicator (Blue), USB Hub Link Indicator (Green)
